MODEL NO.	LINE / CAPACITY	GEAR RATIO	WT. (OZ.)	BEARINGS
CU-100A	8/210, 12/120, 14/110	6.1:1	8.9	4 ball, 1 roller

Competition on the tournament trail is fierce. The Curado™ is a ferocious reel; with the inborn characteristics serious tournament fishermen crave.

To begin, not only is the Curado's ergonomic shape comfortable to hold the long hours between blast-off and weigh in, but it's long throw handle with oversized paddles also provides a firm grip. Casting performance is incredible, as total freespool may be attained with the Shimano Variable Break System™. A high speed 6.1:1 gear ratio retrieves high speed lures with extraordinary results. 5 stainless steel bearings (4 ball, 1 roller) provide the durability and smoothness needed to thrive in competition. Finally, hooksets are firm and instantaneous with Super Stopper's one-way roller bearing anti-reverse system.

Truly a first place finish.
